

Remarks

Applicants submit that the above amendment overcomes one basis for the Notice to Submit Corrected Application Papers ("Notice"). In particular, the drawings as filed contain only Figure 86, not Figures 86A-B as recited at page 22, lines 9-10. The above amendment corrects the typographical error appearing in the specification and thereby harmonizes the specification with the drawings.

The remaining basis for the Notice, namely the quality of the drawing sheet containing Figures 66 and 67, is overcome by the submission herewith of a corrected drawing sheet that is intended to replace the corresponding drawing sheet as filed.

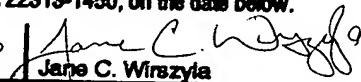

Because the application papers are complete and no new drawings are required, applicants respectfully request examination and allowance of the presently claimed subject matter.

Respectfully submitted,

Date: December 3, 2003
